

HEMORRHOID BANDING INSTRUCTIONS

1. You are scheduled for Hemorrhoid Banding on _____.
2. Inform your physician if you have had any of the following conditions:
 - Immunosuppression
 - Cirrhosis of the liver
 - Inflammatory bowel disease, i.e. Crohn's disease, Ulcerative Colitis
 - History of pelvic radiation
3. Your physician will possibly require colonoscopy if you have never had one or your last one was over three years ago.
4. Please inform your physician if you are on an anticoagulant or other agents with a bleeding risk: Plavix, Pradaxa, Coumadin, Aggrenox, Agrylin, Brilinta, Jantoven, Effient, Elmiron, Heparin, Lovenox, Persantine, Plavix, Pletal, Ticlid, Xarelto). Your physician may want to stop this medication prior to your banding.
5. Do not take Viagra or Cialis for 48 hours prior to your visit. Ask your physician when you can restart this medication after your banding.
6. Be prepared to stay an additional 10-15 minutes in our office after your banding is performed.
7. If you have any questions, do not hesitate to call your physician's office at 352-331-8902.
8. Visit the CRH Banding Website at www.crhsystem.com for additional information.
